

Write the HTML5 and CSS code that corresponds to the following screen following the instructions:

The image shows a registration form with the following components:

- A light blue header bar at the top containing the text "REGISTRATION FORM".
- A light blue rectangular input group on the left containing two text input fields labeled "Name:" and "Email:".
- A light blue rectangular dropdown menu on the right labeled "Subject:" with a list of options: LMSXI, Programacion, Redes, BBDD, Sistemas, FOL, and Web.
- Two rounded square buttons on the right labeled "Submit" and "Reset".

1. Styling the page:
 - The web page is centered horizontally.
 - Font family Arial or Helvetica or sans-serif.
 - Background color `#f2f2f2`;
 - The light blue color used in several places (footer, buttons, etc.) is `#73dde1`
 - Some of the borders have rounded squares.
2. Form:
 - 2.1. When we click on the submit of the form it will send the data to a program called “procesa.php” .
It sends the data using a method that doesn’t show the values on the url
 - 2.2. It is compulsory to fill in the “Name” field.
 - 2.3. When the form is loaded the mouse is situated on the “email” field.
 - 2.4. When the cursor is on a text field the background color of that field is yellow.
3. Form display:
 - 3.1. Height: 70% of the viewport height.
 - 3.2. Use “flex” in the form to have **name** and **email** on the left, then **subject** and then the **buttons**.
 - 3.3. Use a grid to show the Name and Email. Another grid to show the Subject.
 - 3.4. Use a Flex to show the buttons.
4. When the mouse hovers over the word “Registration” in the footer it changes the color to red.

5. Make the web page responsive so that for screens smaller than 500px the screen looks like this way:

The image shows a registration form designed for mobile devices or small screens. It features a light gray background with a white registration form overlay. The form includes fields for Name and Email, a dropdown menu for Subject, and buttons for Submit and Reset. A large, bold, teal-colored header at the bottom reads "REGISTRATION FORM".

Name:

Email :

Subject:

REGISTRATION FORM
